88/17 Chiang Rak Rd, Klong Nueng, Klong Luang, Pathum Thani 12120

Tel: +66 902691095 Email: thitapha580@gmail.com

## PROFILE

---

A dedicated 5th-year Electrical Engineering student currently pursuing an Engineering License, with a strong passion for product supply chain management and operational efficiency. Gained hands-on experience in problem-solving and process improvement through various projects and internships. With a focus on optimizing supply chain processes, I am driven by results and committed to ensuring seamless operations that meet both business objectives and customer needs. Excited to leverage technical skills and analytical insights to enhance supply chain efficiency and pursue a long-term career in product supply management.

## EXPERIENCE

---

- Misaen Co., Ltd.** (Software Development Company) Pathum Thani, Thailand **2022**  
**UX/UI Intern**
- Collaborated with cross-functional teams to design and develop intuitive web applications using Figma for new company projects
  - Conducted user research to improve usability and enhance customer experiences through effective UI/UX design strategies

## EDUCATION

---

- Thammasat University, Pathum Thani, Thailand** **2019 - Present**
- Bachelor of Electrical Engineering
  - Currently pursuing Engineering License qualification

## PERSONAL PROJECTS

---

- Accessories for Pets:** Figma **2024**
- Created a high-fidelity mobile application prototype using Figma, focusing on seamless user experience (UX) and visually engaging user interfaces (UI) for purchasing pet accessories
- Earth's Hidden Biomes:** Figma **2024**
- Designed a web-based prototype showcasing Earth's biomes, prioritizing aesthetic design and UI components, created entirely in Figma
- Brew Mingle:** Figma, HTML, CSS, Tailwind, Javascript **2023**
- Developed a fully interactive frontend website for an online craft beer marketplace using HTML, CSS, Tailwind, and Javascript
  - Designed high-fidelity prototypes in Figma and implemented a responsive web interface
- Digital Diary:** Figma **2022**
- Designed a low-fidelity website prototype emphasizing user experience optimization using Figma
